Important Notes:

This plan of study is intended as a starting point and an indicative resource only. Students should consult an academic advisor for personalized guidance on course selection and official degree requirements.

For transfer students pursuing the UA Musical Theatre minor in conjunction with a major that does not utilize THE 149, this course will count towards the minor requirements. For transfer students pursuing a minor in Musical Theatre in conjunction with the BA in Live & Screened Performance, THE 149 will be used to satisfy a major requirement. No alternative minor course will be required in its place in this case.
